Names belonging in Fruitvale and Emeryville will be found in the Oakland portion of the work, as it is found more satisfactory to have them arranged in this manner, owing to the boundaries being so indefinite, and it will lessen the trouble of searching for names.

OAKLAND, CAL., December 1st, 1897.

TO THE PUBLIC:

We want to interest you in the matter of Gas Stoves. We can sell you a stove which will do all your cooking, for a less sum than you can buy either a wood or a coal stove, and the price of gas will make it cost you less per month than any other fuel you can buy.

You must have heard of the stoves from your neighbors for more than

1000 are in use in this territory.

They boil, roast, broil and fry. They don't heat the kitchen. They are

clean.

If you use 1000 feet a month you get gas at \$1.60 per thousand. We sell a stove for \$12.00 placed in your house, and you are instructed in its care and management. It don't cost you anything for all time to keep it in repair and condition, as we do that for you free of expense.

We have stoves with waterback attachments, and a variety of patterns of

stoves ranging in price from \$12.00 upwards.

We trust that you will find time to call and investigate the conveniences and advantages attending the use of gas for fuel. Heating stoves of all kinds from \$1.50 upward.

Yours very respectfully,

JOHN A. BRITTON, Secretary.

Byron Mauzy Pianos...

wenty years of retail experience in handling all the prominent makes of Pianos, has enabled Mr. Mauzy to cull out the strongest points of all these instruments, and combine them in a Piano in every way adapted to the use and needs of this climate.

The BYRON MAUZY PIANO is made on the latest scientific plans, and has all the new improvements. The most beautiful woods are selected for the casings, and these are double cross veneered, with handsome etched and carved panels.

The sounding board is made to produce the fullest volume of tone; the action the latest improved; the hammers of the best felt; the white keys are ivory, and the black keys are ebony.

The backs are open, and of hard wood, nicely finished. There are three pedals, one of them a muffler, so arranged that a child can practice in the same room without disturbing anyone.

Every Piano is warranted for ten years.
